

EMA is a pro-business and pro-environment industry trade association that advocates for competitive and tradable market-based solutions for solving the world's most pressing environmental challenges, while simultaneously contributing to economic development. Expand your network, develop new partnerships, and increase your impact with the diverse community of EMA members who are moving environmental markets and market-based solutions forward.

The Intersection of Business and Environment

Have Your Voice Heard - Whether you're a trader, infrastructure player, academic or policy maker, EMA welcomes those who wish to support thoughtful, sustainable and cost-effective market design solutions for environmental markets.

Advocacy

Connect with Market Leaders and Policy Makers - EMA is a trusted space that allows for win-win-win discussions that advance smarter market policies. From in-person networking events and webinars to moderated panels with impassioned debates, EMA's events are structured to support a deeper understanding about what makes healthy markets function.

Education

Learn About Industry Changes as They Happen - EMA's Membership and Committees are on the pulse of impactful policy changes and work to advocate in support of open, competitive, and tradable market-based solutions for confronting environmental challenges.

Share your Thought Leadership and Subject Matter Expertise with the Industry and Beyond - With over 25 years of industry know-how, EMA members have robust and diverse expertise surrounding voluntary and compliance market-based solutions, physical and environmental commodity trading, infrastructure development, and innovative problem solving to take on some of the world's biggest challenges.
